### Toner Return Policy

Customers may return unopened/shelf condition MICR toner cartridges purchased directly from Wellspring Software within 30 days of the invoice date for a refund, less shipping and a 15% restocking fee, in the same form of payment originally used for the purchase. If the pull-tab on the toner cartridge has been removed or pulled, the toner cartridge does not qualify for a refund.

\* Note: If any product is returned and it is not in re-sellable condition, no refund will be issued. The credit amount will be based on the quantity discount received on the original order. The customer assumes the cost to ship the merchandise back to Wellspring Software and must insure their product against damage/loss. If the returned item is lost or damaged in shipping, the customer must file a claim with the freight carrier and Wellspring Software will not issue a credit for the merchandise.

### Toner Warranty

If the manufacturer is unable to duplicate or discover a problem with the toner, the customer assumes the cost of the replacement or original shipment if no replacement was ordered. Please include a sample of the output illustrating the problem when returning a cartridge for examination. Cartridges that are nearly empty (with 25% or less toner remaining) are excluded from the warranty. This warranty does not cover cartridges which have been altered, damaged, stored incorrectly (do not expose the cartridge to light or dust), have labels stuck to the drum, or subjected to abuse or abnormal operation.
